# FST 160

CLEAN WORKPLACE –  
CLEAN WORKPIECES –  
IMPORTANT FOR YOUR HEALTH

## FST 160

Clean workplace –  
clean workpieces –  
key preventive health prevention

Solid wood

Panel material

Plastic

Non-ferrous metals

### FST 160

- » Sanding table (adjustable height)
- » Dimensions (L x W): 1660 x 1020 mm
- » Height: 726–1026 mm
- » Required air volume: 1800 m<sup>3</sup>/h
- » Extraction connection: 140 mm
- » Vacuumed area: 1530 x 800 mm

A sanding table is an essential component of a healthy workshop. The need for professional extraction solutions has long been recognised in the woodworking industry, so much so that the use of a sanding table for manual sanding work has even been anchored into law in Austria and Germany (GKV2011 §16a par. 3 and BGI 739). Accumulating dusts are optimally collected and immediately extracted.

The Felder FST 160 sanding table is equipped with solid legs and can be adjusted from 726 mm to 1,026 mm as standard.

In combination with the FAT 300 Felder working table, the sanding table offers even more advantages. A full 600 mm of continuous height adjustment and easy mobility thanks to lockable solid rubber swivel rollers – that is premium comfort for every workshop. By combining these two products, Felder can provide a perfect solution for flexible sanding with minimum space requirements.

- » Optimum dust capturing
- » Simple connection to existing system
- » Slatted frame made of durable beech wood
- » Large support surface with integrated extraction
- » Remotely positioned working area for edge grinding work
- » Extraction connection left or right

### Your decision for Felder, a risk-free decision

- » The right machine for every budget
- » Complete reliability in professional use
- » Tailor made machine solutions
- » High quality cast iron machine table and aggregates
- » Innovative detail solutions derived from 60 years of experience – already included in the standard configuration
- » First class manufacturing and finishing standards
- » Intuitive application concepts
- » Modern, distinct design
- » Quality and precision from Austria
- » Powerful and efficient
- » Complete package: Comprehensive service support
